[Linkedin](#) | [Portfolio](#) | [Github](#)

Aspiring Full-Stack Developer with hands-on experience in the MERN stack, ready to contribute to real-world projects while expanding my skills in React, Node.js, and modern web development tools. Passionate about problem-solving, collaborative learning, and building scalable applications.

Core Skills

Frontend: React, Tailwind CSS, HTML5, CSS3, JavaScript (ES6+), React Router, Framer Motion

Backend: Node.js, Express.js, REST APIs

Database: MongoDB, Firebase (Auth, Firestore), Supabase

Tools & Platforms: Git, GitHub, Netlify, Vercel, Postman, VS Code

Other: JWT Auth, Cloudinary, Stripe, Figma (basic), Responsive Design

Projects

Earnzy — Full Stack Micro-Task Marketplace Platform

[Live](#) | [Client](#) | [Server](#)

A modern web app connecting buyers and workers for micro-tasks with real-time dashboards and role-based access.

Tech Stack: React, Node.js, Express.js, MongoDB, Firebase, JWT, Cloudinary, Tailwind CSS, Framer Motion

- Role-based authentication with protected routes, separate dashboards (Admin/Buyer/Worker), and Firebase login
- Micro-task marketplace with task creation, submissions, approval workflows, and coin-based payment system
- Clean, responsive UI, glassmorphism design, Framer Motion animations, and real-time notifications
- Cloudinary integration for optimized media upload/preview, React Query for data fetching, and lazy loading for performance

Plantopia — Full Stack E-Commerce Platform

Feb 2025 - Jun 2025

A modern e-commerce website for buying and selling plants, featuring a clean UI

[Live](#) | [Client](#) | [Server](#)

Tech Stack: React, Node.js, Express.js, MongoDB, Firebase, Stripe, JWT, Tailwind CSS, Cloudinary

- User authentication with role-based access (buyer/admin)
- Secure checkout with Stripe integration
- Product listing and real-time inventory updates
- Admin dashboard with analytics and user management

RelicVeil – Historical Artifacts Tracking Platform

[Live](#) | [Client](#) | [Server](#)

A modern web platform for history enthusiasts and collectors to manage, share, and discover historical artifacts.

Tech Stack: React, Firebase Auth, MongoDB, Node.js, Express.js, Tailwind CSS, Framer Motion

- Firebase Authentication with personalized user profiles
- Enabled advanced full-text search, likes, and artifact management.
- Features real-time updates, responsive UI, and modern animations.
- Full CRUD functionality for artifact management

Education

Sylhet Engineering College

BSc Computer Science & Engineering

Feb 2023 - Present

GPA: 3.53

Extracurricular

- [Codeforces](#) Max - Pupil, [CodeChef](#) 3-star
- **Bronze Medalist, Robot Olympiad (Quiz)** – Honored for analytical and problem-solving skills.
- **Bangladesh Physics Olympiad Nationalist** – Demonstrated strong aptitude in applied physics and logic.
- **BNCC Cadet** – Trained in discipline, leadership, and teamwork.
- **Active Tech Enthusiast** – Regular participant in coding contests and dev community events.
